- (b) Provide a brief summary of the corporate governance policy that the board of directors has adopted. Please emphasize the policy/ies relative to the treatment of all shareholders, respect for the rights of minority shareholders and of other stakeholders, disclosure duties, and board responsibilities.

The Board of Directors (the "Board") of the Company has adopted a Manual of Corporate Governance and amended the same on March 30, 2013 (the "CG Manual"). The CG Manual aims to institutionalize the principles of good corporate governance in the entire organization. The Company's Board, Management, Officers, employees and shareholders believe that corporate governance is a necessary component of what constitutes sound strategic business management and will therefore undertake every effort necessary to create awareness thereof within the organization as soon as possible.

¹Reckoned from the election immediately following January 2, 2012.

² Updated per advisement letter filed with SEC on January 30, 2014.

The Company recognizes that the most cogent proof of good corporate governance is that which is visible to the eyes of its investors. Thus, among others, provisions on the following matters affecting shareholders were provided in the Section 5 (Shareholders' Benefit) of the CG Manual: voting rights, pre-emptive rights, power of inspection, right to information, right to dividends and appraisal rights.

On respecting the rights of minority shareholders, Section 5 of the CG Manual expressly provides, among others the following provisions: that the Board is committed to respect the rights of the shareholders and minority interests; that a director shall not be removed without cause if it will deny minority shareholders representation in the Board; that minority shareholders shall be granted the right to propose the holding of the meeting and the right to propose items in the agenda of the meeting; and that they shall have access to any and all information relating to matters for which the Management is accountable for.

On disclosure duties, Section 4 of the CG Manual lays down the reportorial or disclosure System of the Company's corporate governance policies which essentially provides that all material information, i.e., anything that could potentially affect share price, shall be publicly disclosed.

On Board responsibilities, the Company's CG Manual espouses the belief that compliance with the principles of good corporate governance shall start with the Board of Directors. Thus, the said manual is replete with provisions relative to the duties and responsibilities of the Board. In sum, the Board's general responsibility is as follows: It shall be the Board's responsibility to foster the long-term success of the Company and secure its sustained competitiveness in a manner consistent with its fiduciary responsibility, which it shall exercise in the best interest of the Company, its shareholders and other stakeholders. The Board is responsible for formulating the Company's vision, mission, strategic objectives, policies and procedures that shall guide its activities, including the means to effectively monitor Management's performance. The Board shall conduct itself with utmost honesty and integrity in the discharge of its duties, functions and responsibilities.

- (c) How often does the Board review and approve the vision and mission?

The Board, as the need arises and upon the recommendation of Management reviews and approves the vision and mission of the Company. The Board, during its meeting held on November 9, 2012 reviewed and approved the new vision and mission of the Company.

The Company's adherence to its Code of Ethics or Conduct can be seen in the various policies it has adopted and implemented. The relevant policy may provide the manner of monitoring compliance therewith, as well as the penalty for violation therefor.

With respect to the employee's code of conduct, all employees are provided with a copy of the Company Rules and Regulations (the "Rules") which lay down the acts constituting an offense and for which appropriate disciplinary action

should be meted out. The purpose of this disciplinary action is to correct rather than to punish the individual. Depending on the history, circumstances and gravity of the situation, superiors can take corrective action in the form of verbal discussion, written warning, suspension and dismissal. Only in extraordinary cases does the Company impose demotion. As to restitution of damages to or loss of company property, the same is not regarded as a disciplinary action. The Rules also provide that violation of Company policies, rules and regulations not otherwise covered therein will be subject to disciplinary action dependent on the gravity or consequence of such violation. The Rules are likewise cascaded to employees by the Human Resources Office as part of the Orientation Program for new employees.
